**ATTENTION CALIFORNIA RESIDENTS**

California's Proposition 65 entitles California consumers to special warnings for products that contain chemicals known to the state of California to cause cancer and birth defects or other reproductive harm if those products expose consumers to such chemicals above certain threshold levels.

We care about our customer's safety and hope this information helps with your buying decisions.

The general Proposition 65 notice is as follows:

**WARNING:** This product can expose you to chemicals including Di(2-ethylhexyl) phthalate (DEHP), which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

# "DAM IT UP" Flood Control System Bags

*"Bags that can Save You and Your Property!"*

## Lightweight • Easy To Handle Flood Control

These things really work, they will not create a solid wall like wet sand bags, but they do hold back most of the flow of water. When stacked properly they get the job done. When compared to sand bags, Dam-It-Up bags are biodegradable, easy to store, and clean-up is simple and easy by leaving them out to dry.

### Home Owners Kit

Excellent for soaking up salt water, oil and sludge in boat bilges, chemical spill containment and hazardous cleanup. Easy to carry, store, stack and position in tight spaces. Excellent for diverting rain run-off and snow melt.

Weights 8.40 lbs. #08-0433

#### Kit Contains:

- 2 RPD Multipurpose Units Measuring 8" X 98".
- 6 Dam-It-Up Bags Measuring 14" X 26" Each.
